

Flood Project E-Update

July 5, 2007

Improve Public Safety, Health and Security

Reno TRAction Agreement – The agreement of the Reno TRAction Project, which includes the feasibility study and visioning process for six of the downtown Reno bridges - Arlington, Booth, Center, Sierra, Virginia and Lake Street - is scheduled to go before the Reno City Council on July 11th and to the BCC on July 24th.

Regional Collaboration

Technical Advisory Committee (TAC) – The TAC discussed flood project cash flow analysis and reviewed the local flood project work plan that includes milestone timelines and detailed schedules.

Provide Excellent Public Service

Film of Governor Signing AB-5 – The Media Center filmed Governor Gibbons signing AB-5, a bill that provides \$5 million in river restoration for the Truckee River. This coverage will appear in the next segment of “Washoe Works Even Better.”

Develop our Workforce

New positions- The Job Evaluation Committee approved two new positions for the Flood Project; a Fiscal Compliance Officer and an Administrative Assistant II.
