**Request of Qualifications - TRFMP10-07-01  
for Consulting Services for Washoe County  
STRUCTURAL INSPECTION, COST ESTIMATION,  
AND CIVIL ENGINEERING SERVICES**

Washoe County, through its Truckee River Flood Management Project Department, TRFP, seeks proposals from qualified and interested firms for structural inspection, cost estimation, and civil engineering services related to the TRFP Financial Assistance Program.

It is the intent of the Request for Qualifications (RFQ) to establish the specifications, terms, and conditions governing the selection of consultants for "On-call" service contracts to support TRFP's new "Home Elevation" program. The services to be provided generally include but are not limited to structural inspection of homes for feasibility for elevation, and review of designs, plans, specs, and cost estimates. In essence, the selected structural engineers will serve as the agency's quality assurance team for the home elevation program.

This RFQ also sets forth the requirement that all consultants and interested firms attend a mandatory Pre-proposal Project Description Workshop to be held June 25, 2010 at the Water Resources Community Conference Room, located at 4930 Energy Way, Reno, NV 89502 at 9:00 A.M.

Copies of the RFQ may be downloaded at <http://www.truckeeeflood.us>, or picked up from the TRFP office located at 9390 Gateway Drive, Suite 230, Reno, NV 89521. Hours 8 a.m. - 5 p.m., M-F, Phone 775-850-7454. The RFQ may also be obtained from DemandStar at <http://www.demandstar.com> or by calling 800-711-1712 on a fee or subscription basis.

**SEALED QUALIFICATIONS MUST BE RECEIVED AT THE TRFP OFFICE, 9390 GATEWAY DRIVE, SUITE 230, RENO, NEVADA, BY 5 P.M., P.D.T. ON FRIDAY JULY 9, 2010.**

Amy Harvey  
Washoe County Clerk
