FLOOD PROJECT TOWN HALL

WHAT IS HAPPENING WITH THE TRUCKEE RIVER FLOOD PROJECT AND HOW DOES IT AFFECT THE COMMUNITY? JOIN US MONDAY, OCTOBER 4TH TO FIND OUT.

Reno, Nevada. September 29, 2010. The Truckee River Flood Project is moving ahead with building flood damage reduction features (such as levees, floodwalls, bridge replacements, drainage features, and elevating homes) and river restoration projects (3 done and 1 on the drawing board). We are also in the process of forming a separate organization known as a Flood Management Authority with the ability to raise funds to build the project and review new developments for potential flood impacts. The community is invited to find out what all of this means to them. Please join us!

What: Town Hall Meeting

When: Monday, October 4, 2010 - 6:00 p.m.

Where: Washoe County Commission Chambers

**1001 E Ninth Street, Bldg A (located near the intersection of 9th St. & Wells Ave.)
Reno, Nevada**

Flood Project Director Duerr and Flood Project Coordinating Committee (FPCC) Board members want the community to be aware of what *has* been done, what *is* being done, and what *will* be done to help our community prevent flood impacts, restore our precious Truckee River and enhance our community's quality of life.

Bring your questions, and we'll supply the answers. See you there!

For more information please contact Susie Kapahee at the Flood Project 775-850-7456 or Laura Bayer at 775-850-7429.
